EKB is Offering 55 GWh of Working Gas via a Tender Procedure

EKB Storage Offers Working Gas Volume via a Tender Procedure

Bremen, August 29, 2017: EKB-Storage auctions 55 GWh working gas.

Details can be obtained from the tender documents available in the [download area](#).

Company Information:

Etzel-Kavernenbetriebsgesellschaft mbH & Co. KG is a joint venture established between BP Europe SE, DONG Energy and Gazprom Germania. At its Etzel location (in the Municipality of Friedeburg, close to Wilhelmshaven) the company operates a natural gas storage in underground caverns.

This plant operated by EKB Storage with currently seven underground caverns is one of the most efficient commercial storage facilities in Germany. Per hour 450,000 cubic meters of natural gas can be injected and 790,000 cubic meters withdrawn.
