### UPDATE: Helicopter Operation on Cavern Site

*Employee back in good health*

**Bremen, September 20, 2021:** The employee of a specialist company contracted by EKB, who was hospitalized on September 3 due to a suspected heart attack, is in good health and already back on duty on site.

Working on one of an upper plant section at the time of his collapse, required a helicopter rescue for safety reasons. Fortunately, the suspected heart attack could not be confirmed and EKB is glad to see that he is feeling better and has returned to the team.
